

1969 1c CDDO-002

Photo File Card

Short die gouge above "N" of the word IN.

Light die scratches through "OD" of GOD.

Exhibits raised remnants of the digits "96" of the date to the northeast for the 1969 1c CDDO-002.

Description File Card

Classification: Class V + VIII Pivoted and Tilted Hub Doubling

References: Wexler WDDO-002

Doubling: Exhibits prominent raised remnants of the digits "96" of the date to the northeast. No other doubling visible on the obverse.

Rarity: URS-3

Interest Factor: IF-2

Value: MS63 - \$25; MS65 - \$50

Reported by: Jose' Cortez

Diagnostics File Card

Obverse: (1) Short die gouge directly above the letter "N" of the word IN. (2) Die scratches extend through the letters "OD" of GOD.

Reverse: None noted.

Comments: This variety was first reported well over a decade ago but only a few specimens have been located. Compare the doubling similarities with the 1969-S 1c CDDO-002 variety.
