

# 2004 1c CDDR-032

## Photo File Card

Die gouge in the field north of "ER" of LIBERTY.

Die crack north of Memorial columns #2 and #3.

Exhibits raised remnants of the statue's knees and hand totally separated wide south in the pedestal.

## Description File Card

**Classification:** Class VIII Tilted Hub Doubling

**References:** Unknown

**Doubling:** Exhibits prominent remnants of the statue's knees and right hand (viewer's left) that are slightly rotated counter-clockwise (CCW) and totally separated wide south within the pedestal.

**Rarity:** URS-2

**Interest Factor:** IF-2

**Value:** MS63 - \$12; MS65 - \$25

## Diagnostics File Card

**Obverse:** (1) Die gouge (medium dot) in the field north of the letters "ER" of LIBERTY.

**Reverse:** (1) Thin die crack north of Memorial columns #2 and #3 within the design elements.

**Comments:** Compare the very close similarities in doubling appearance to the 2005 1c CDDR-008 and 2006 1c CDDR-002 varieties.
